**Proposed Amendment Number:** Proposed Ashbourne Amendment No.  
7

Ashbourne desperately needs a large, accessible green space. Work has been ongoing at a local level for years and the pandemic has highlighted how badly in need our community is. We are a very active community, willing to engage with the council in accessing funding mechanisms once the land is secured. Please do not lose this opportunity to make a vital difference to our community and standard of living for generations to come.
