Re: New County Development Plan

21 June 2021

Hi

I am writing to air my views on the new County Development Plan 2021-2027 for Co. Meath. I do not agree with it in any way. Rural communities are struggling at the present time and this new plan will further add to this. Rural communities will die because of this. What will happen to the shops, the sports clubs and the schools and the rural amenities. We need houses and people in rural Meath.

Rural Meath needs people and life in their communities. I disagree with this new plan and I hope it will be abandoned.

Regards

Suzanne Maguire
