SUBMISSION TO PROPOSED AMENMENTS TO MEATH DRAFT PLAN

Chapter 8

We wish to support the following proposed amendments:

8.3 to 7, 9 & 11

OVERVIEW

We have to say that, even with the slight improvements to the Draft by these amendments, and allowing for some excellent new provisions in the Draft, the final version of the Plan will, in our view, be vastly inferior to the 2013 Plan. Truly an unmitigated disaster! We have to wonder where the absolutely crazy decision to almost totally ignore the 2013 Plan came from. As you are no doubt aware yours is not the only county to adopt this approach. It seems that somehow the old plans are toxic and must be avoided at all costs. Perhaps council sites have been attacked by the virus!
