Proposed Carlanstown Amendment No. 1 - NOM 94
MAPPING ERROR

Dear Chief Executive,

I refer to the recent publication of the Material Amendments to Draft Meath County Development Plan 2021-2027 and the Carlanstown steelment. There appears to be a mapping error in the material amendments which went on public display.

As you will recall, the motion (NOM 94) and the map which accompanied it was passed for new residential A2 zoning takes in a much larger area.

Please see both maps attached for ease of reference.

1. Map which accompanied motion 94
2. Map which went out on public display in material amendments

I trust this clarifies the situation.

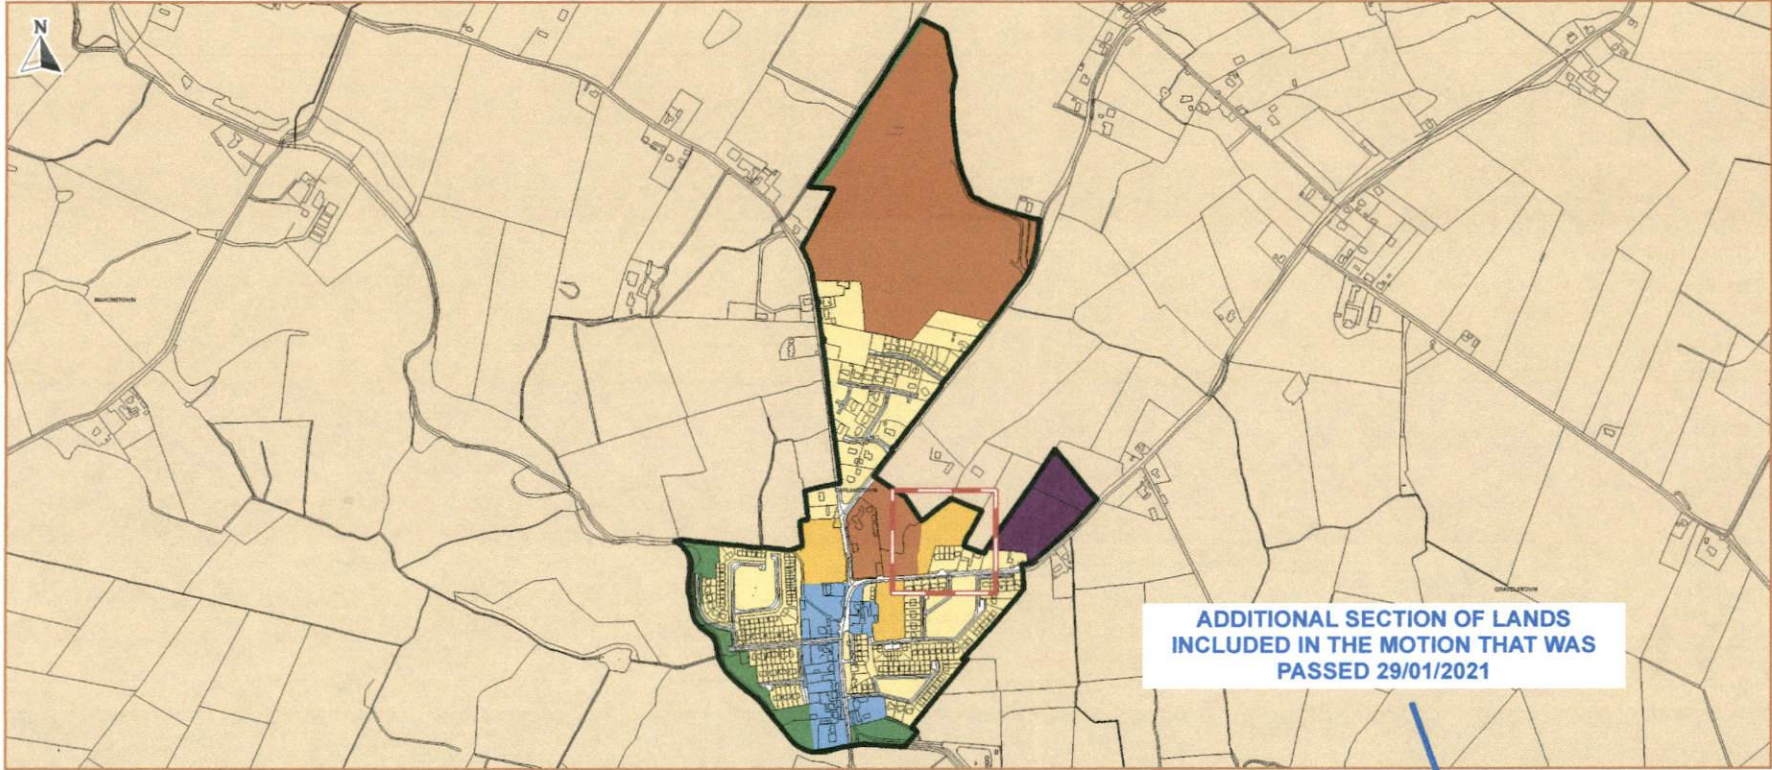

Is mise le meas,

Cllr. Paul McCabe
